**Comments:**

Mrs. Fiedler was a great teacher. She was very organized and thorough in all of her lessons and assignments. The material presented was very useful and related to my professional teachings.

This instructor respected the fact that the students in this class were working adults and treated us as such. We were given due dates at the beginning of the class which allowed for advance planning. Also, the information of the class was well organized and available all semester, again allowing for people to work ahead when needed due to work commitments.

This was my first online course and I am very pleased at the organization and presentation of the course. I have learned much and am glad that I chose UIS to work on my degree! Thank you!!

I've learned an extraordinary amount in this class. Becky is an excellent professor. She is well-organized with her lessons, thorough in her responses, prompt in her postings, and open for questions and advice. I hope to have her as a professor again at some point and would recommend her to anyone considering taking a class.

Becky was always available for help and was consistently organized. Her enthusiasm empowered me to work hard.

Dr. Fielder did an excellent job developing the course. She included interesting journal readings and expanded my critical thinking skills. Rebecca was always available and responded quickly to questions. I learned a great deal in this course.

The planning and presentation of the course and what is expected have made this a wonderful and enriching course. The instructor availability was outstanding! After the first week or so, I really felt connected to the class. Wonderful experience. I will be looking for more courses by this instructor.

Rebecca is a great teacher and such a great person to get to know. She is there for us when we need her and very on time with her responses.

As one of my first online classes, I was amazed at the available communication between my instructor, the class, and myself. The instructor went out of her way to respond quickly to any question--big or small--and made sure all the students felt comfortable asking questions. Her care for students in my class and the subject is phenomenal.

Becky is one of the best instructors I have ever had. She pushed us to think, analyze, interpret, reflect and communicate. She provided all the necessary tools for success and her response time to questions or voluntary input to our posts was impeccable. She never faltered in her feedback and grades the entire semester. I am amazed at how much I learned. She is beyond outstanding and is a wonderful model for leadership. I would take another one of her courses in a heartbeat.
